ENERGY SAVER

Assuming your company operates on a 10% profit margin, for every extra dollar your company spends on energy costs, it needs to generate \$10.00 worth of revenue. Make sure this is factored into your annual budget, and plan for energy savings.

An optimal move is installation of controlled "smart" lighting, whereby rooms remain lit when activity is sensed, followed by a timed shutdown when no one is present.

Another way to save in electricity costs is to switch off fluorescent light banks when natural lighting (daylighting) is adequate in an unoccupied, open office area. In new or remodeled top floor offices, skylights with enhanced ability to maximize and focus outside light are huge cost savers, and add to safety in hallways and corner areas as well.

DUO HAND SANITIZER REFILLS

See page
107

Dial® Foam Hand Sanitizer refills are the easy, hassle-free way to change out your Dial® Duo dispensers from foam soap to foam hand sanitizer. Dial hand sanitizers kill 99.99% of germs instantly; the formula is safe, gentle under repeated use and leaves skin soft, smooth and refreshed without stickiness. When ordering refills, choose Touch-Free or Manual system. Also, it's great to note that Manual dispensers can easily be converted to Touch-Free and Touch-Free to Manual, without removing from the wall!

DIAL® PROFESSIONAL DUO DISPENSER SYSTEMS

Dispensers come in both touch free and manual versions and can easily be converted from one system to the other without having to remove the entire dispenser from the wall. Simply open the front of the dispenser and replace the engine. View window prominently displays the soap brand in the front and the translucent backplate makes it easy to view soap level. Soap refills have colored band to identify the proper system - black band for manual and red band for touch free.

SPACE SAVER

Simplify. Do an audit of your cleaning solutions and products, and use fewer products for more purposes. At a Yellowstone National Park project, auditors identified many benefits of standardizing select products. Stocking fewer products resulted in better inventory control and reduced storage needs, as well as the elimination of old products that might be used improperly.

Foam hand cleaner gently and effectively removes light to medium soils from hard working hands. Foaming action cleans better than a general restroom soap. Grit free formula is not as aggressive as a heavy duty gritted formula. Powered by soy, a renewable, natural resource. Leaves skin feeling clean and refreshed. Recommended refill for DPX Dispenser. 2000 ml refill. 3 refills per case.

GREEN TIP

New plastic from polymers created from corn can fulfill many of the functions of petroleum plastic. In addition, corn is an annually renewable resource that is cleaner and cheaper to acquire than petroleum. With less landfill waste and cleaner manufacturing, new plastics can go far to creating a sustainable future.
