Now with built in Microban® antimicrobial protection. Holds two 9½ dia. x 3¾ wide jumbo rolls more than the equivalent length of 12 standard rolls. Sliding door prevents using one roll until other is depleted. No keys or moving parts. High impact transparent plastic construction. For use with SCOTT® Coreless JRT Jr. Jumbo Roll Tissue (sold separately). Smoke/Gray. 20.1 x 5.9 x 10.9.

KCC 09608 **Each**

D

C. & D. Now with Microban® protection!

E. IN-SIGHT® Combo Jumbo Roll Dispenser

Combination JRT dispenser can be used with two JRT Jr. rolls or one JRT® Senior roll and a stub roll. An easy to use mechanism adjusts to meet the customer's needs. Can be used with or without a key. 20.4 x 5.8 x 13.1.

KCC 09551 **NEW** **Each**

E

\$\$\$SAVER

According to the U.S. Association for Professional Infection Control and Epidemiology, "80% of common infections such as colds and the flu are transmitted not through the air, but directly by our hands and by touching." Once the flu or a common cold hits the office, it is only a matter of time before you lose half of your staff for several weeks or days.

Two-Ply & One-Ply Standard Rolls

GREEN TIP

We've all heard about the environmental concern about "old-growth forests" but did you know that most paper, cardboard and products made from these are from trees that were grown as a renewable resource? Forest products—other than those from unique environments like old-growth forests—can be re-seeded, re-grown, re-harvested and recycled. This often makes products made of paper or cardboard a greener choice than plastics and foam. Of course, the best solution is always to reduce and reuse when possible, but using renewable resources can help too.

<http://www.fscus.org>

KLEENEX® COTTONELLE® Standard Roll Tissue

SPACE SAVER

When you're storing paper supplies, divide vertical space for efficiency and stability. Rather than stacking tall piles of packages that are likely to topple over, subdivide supplies with additional modular units on top of each shelf.

GREEN TIP

The Environmental Protection Agency offers guidance for government purchasing of truly eco-friendly products, and the same important principles apply in the private sector.

- Environmental measures should become part of normal purchasing practice, right alongside product safety, price, performance and availability.
- Environmental preferability is tied to pollution prevention, which strives to eliminate or reduce risks to human health and the environment.
- Pay attention to multiple attributes that factor into the product's entire life cycle, from production through disposal.
- Consider the scale and reversability of the environmental impacts, the degree of difference among the impacts of competing products or services, and the overriding importance of protecting human health.
- Comprehensive, accurate, and meaningful information about the environmental performance of products or services is necessary to making green choices.

Reusable Cleaning Cloths

H. WYPALL* Microfiber Cloths with Microban® Protection

Reusable cloths for cleaning lodging, office buildings and healthcare facilities. Built in Microban® antimicrobial product protection inhibits bacteria from thriving on the cloth, providing added strength against stain and odor causing bacteria. No chemicals needed - microfiber lifts and traps dirt and moisture, leaving behind a clean, dry surface. Quickly absorbs up to eight times its weight in liquid for a streak free clean. Color coded cloths help avoid cross contamination. Machine washable. 15.75 x 15.75 cloths. 6 cloths per bag. 4 bags per case.

No.	Description	Case
